## Prewi - Azimut 68S

Azimut 68S is Croatian flagged power motor charter yacht, built in Italian shipyard Azimut and launched in 2005. Fully refitted in 2016 inside out and she is ready to accept new charter guest in Croatia this summer.

The challenge Azimut designers Stefano Righini and Carlo Galeazzi faced was to create dual purpose areas in which to enjoy the wind, the sun and the open sea, but with the same privacy and comfort offered by fly-bridge yachts. The Azimut 68S has a distinctly sporty feel at the helm, thanks to a responsive, instinctive steering system and a hull designed for maximum performance. Her main saloon is laid out on the main-deck, freeing up the lower deck for the night area, where all cabins are based.

The folding hard top with electrodynamic rigid section opening mechanism allows the guests 65 sq.feet of open sky in less than few seconds. Her interior boasts minimalist furnishings, steel, glass and fine wengé wood, as every detail has been designed to make your stay on board as comfortable and private as possible. Azimut 68S Prewi sleeps up to eight charter guests in three air conditioned two double plus one twin cabin and double berth in the salon. All cabins are en-suite.

She is powered with two MTU 12V183 TE94 engines, developing in total 2720 BHP, pushing her up to 36.0 Knots, with cruising speed of 20.0 Knots and cruising range of 200 Nautical Miles.

Azimut 68S Prewi is usually chartered with the skipper and/or hostess (not included in charter rate), sleeping separately in the aft bunks, however she can be hired even on the bareboat basis as well, subject to approval of Yacht Master Certificate of the client and trials.
