Guests Capacity:	8+1
Crew:	4
Speed:	22.0 Knots

## Azimut 80 - North Star

Azimut 80 is a charter motor yacht built by Italian shipyard Azimut Benetti Group and launched in 2013. The Azimut 80 exterior lines are designed by Stefano Righini and her sophisticated and elegant interior design by Salvagni Architetti. Technically and mechanically flawless, it is fast and safe, with the capacity to accommodate eight guests in four luxurious, fully en-suite cabins.

The graciously streamlined exterior hides a skilfully designed interior that enhances the space available to the full, completing it with every possible comfort. A design culture applied to large volumes and a finely honed aesthetic sense form the underlying structure of the yacht, representing two complementary facets of one whole.

Inside the yacht there is an unexpected sense of space. Equally beautiful and spacious, the saloon and dining area are equipped with a complete entertainment system, including flat screen TV, DVD and stereo unit and iPod connection.

With an impressive full beam master cabin, the Azimut 80 offers sumptuous accommodation for a total of eight guests in four well appointed cabins; three double and one twin cabin with pull-man bed, all fully air conditioned and with their own en suite facilities.

North Star crewed motor yacht can be hire in South of France. Please contact for details.
