Fathom

A 45-meter super-yacht that journeys to the most exotic locales, Fathom is also a destination in and of itself. Manufactured by Sea Dreams, this Dream Voyager 45 model motor-yacht has been customized with stunning interiors by Mark Zeff of Zeff Design—the visionary New York agency behind luxury boutique hotels and exclusive homes throughout the world. In keeping with the Zeff boutique heritage, every element of Fathom is bespoke and painstakingly executed, from the artfully sculpted all-steel hull to decks outfitted in hand-selected planks of old-growth plantation teak.

The main deck salon envelops you in a world of quiet opulence. Nuanced colors, rich wood finishes, and resplendent hand-knotted silk carpets create the feel of a luxuriously appointed home. Exquisite seating upholstered in the softest leathers and silks was crafted by Tresserra and other top European ateliers. A marble-topped table seats 10 for meals prepared in the restaurant-grade galley with large butler's pantry.

Past the fully equipped office is an over sized master suite stretching from port to starboard. Ceilings and floors bathed in white silk cocoon a king-sized bed whose foot-board hides a retractable plasma-screen TV. The suite offers separate dressing areas and a spa-like bathroom with marble walls, soothing river-rock floors, and fixtures by British supplier J.D. Beardmore.

On the lower deck are three bespoke guest rooms, accessed via an LED-lit hallway with chic metal-rib details modeled on antique dirigible construction techniques. Guest accommodation features en-suite baths and regionally inspired decors tailored with exotic materials like bamboo, leather panels, and red handmade rice wallpaper.

Billowing sheers, hand-stitched cowhide rugs, and an array of nautical antiques in mahogany cabinets lend the upper deck salon a lounge like vibe. The refined space converts to a screening room courtesy of a motorized, roll-down projection screen with surround-sound audio and state-of-the-art, high-definition video equipment. From the comfort of the white soft leather lounge or deep club chairs, enjoy your choice of films selected from Fathom's comprehensive on-demand video system.
