Geosand

Geosand is tri-deck luxury charter yacht available for hire in the Mediterranean Sea. She was built completely in aluminum by Italian shipyard Baglietto and delivered in 2011. Her amazing exterior and light, airy interior is designed by Francesco Paszkowski.

She boasts fantastic and spacious teak laid deck with lounge areas, Jacuzzi, al-fresco tables, sofas, two private balconies in master stateroom, state-of-the-art audio-visual equipment, stabilization system at anchor and underway, private beach and beautiful interior with two large salons.

Geosand sleeps up to twelve charter guests in six en-suite staterooms. Full beam Master stateroom is based on the the main deck level and feature king size bed, two private balconies, walk-in wardrobe, office and large bathroom. On the lower deck level following staterooms are available to charter guests; two VIP and two twin cabins. It is needless to say that all cabins are equipped with air condition with individual controls, flat TV's with SAT receivers and en-suite baths.

Geosand is powered by two MTU 12V4000 M90 engines, developing 2744 BHP per engine, taking her up to 18.0 Knots with cruising speed of 15.5 Knots with range of 1.180 NM Nautical Miles. She is manned by professional marine crew of eight and kept in immaculate condition.

Geosand luxury charter yacht is available for rent in the following destinations; Greece, Montenegro, Turkey.
