Built:	2008
Shipyard:	Sunseeker UK
Cabins:	4
Guests Capacity:	8
Crew:	4
Speed:	22.0 Knots

Live The Moment

Live The Moment is luxury charter yacht build by well known UK based Sunseeker and delivered in 2008. The Sunseeker 90 has everything: space, comfort, good performance and great looks. The master cabin is luxury, a full-width space featuring a walk-in closet and a head that is large enough almost to house a full-size bath. In the main space, four vertical side windows on each side allow plenty of natural light, helping to create a haven of peace. For entertainment, there is a huge flat-screen TV and a mini-bar for drinks.

The VIP stateroom forward shares many of the same features found in the master, but here the natural light is more restricted. Like the master stateroom, the decor features panels of dark wood relieved by light-colored fabrics and carpets. There are also two double cabins, both located midships.

At main deck level, the luxury continues with lounge area aft, a full eight-person dining table and a bar counter on the port side. The salon is equipped with large flat TV and state of the art sound system. A four-berth crew quarters comprising a double and a twin cabin is located on the stern.

The tender is stowed on Sunseeker's hydraulic lifting swim platform. The flying bridge features a twin helm seat with a sunbed alongside it. Further aft is a counter, a bar and barbecue, an ice-maker, plus a series of tables with seating.

Live The Moment Sunseeker can be hired in the following Mediterranean sea destinations: South of France, Corsica, Sardinia, Italy.

Technical specifications:

Length: 28.00m (91'11 ft)

Beam: 6.30m (20'08 ft)

Draft: 2.0m (6'7 ft)
